

REMARKS

Initially, it is noted that this amendment should be allowed, after Final, inasmuch as it places all claims in immediate condition for allowance without introducing any new matters for consideration.

By this paper, claim 1 has been amended to include additional structure for the system claim, as supported by the disclosure provided with reference to Figure 8, and to incorporate the limitations of claim 4, which was previously found to contain allowable subject matter. Accordingly, claim 1 should now be found allowable for at least the same reasons that claim 4 was previously found to be allowable. All of the remaining claims depend from claim 1, at least indirectly, and should also, therefore, be allowed for at least the same reasons.

By this paper, claim 4 and claims 18-28 have also been cancelled, such that claims 1-3 and 7-17 are the only claims that remain pending.

In the Final Office Action mailed May 29, 2009 claims 1-4 and 7-28 were rejected under 35 U.S.C. 102(e) as being anticipated by Harrington et al. (US 7,391,885). However, in view of the claim amendments and remarks above, it is noted that all of the rejections of record are now moot and do not, therefore, need to be addressed at this time. It will be appreciated, however, that this should not be construed as Applicant acquiescing to any of the purported teachings or assertions made in the last action regarding the cited art or the pending application, including any official notice. Instead, Applicant reserves the right to challenge any of the purported teachings or assertions made in the last action at any appropriate time in the future, should the need arise.

In the event that the Examiner finds remaining impediment to a prompt allowance of this application that may be clarified through a telephone interview, the Examiner is requested to contact the undersigned attorney at (801) 533-9800.

Dated this 10th day of July, 2009.
